## OBJECTIVE

---

Beginner in cybersecurity with a strong passion for learning and developing skills in penetration testing and network security. Seeking an opportunity to apply foundational knowledge and grow within the field of cybersecurity to protect and strengthen digital systems.

## PROJECTS

---

### CVPATEL – CLIENT WEBSITE

**Datanitiv Services**

- Designed and developed a responsive client website, enhancing user experience and driving client engagement.

### GEMINI – APP

**Datanitiv Services**

- Developed a mobile application using Flutter integrated with the Google Gemini API for seamless functionality.

### QUICKMEDS – MEDICINE FRANCHISE MANAGEMENT SYSTEM

**Birla Vishvakarma Mahavidyalaya**

- Developing a MERN stack-based pharmacy POS system with inventory management, role-based access, and billing functionality.

### CINEMAX

**Birla Vishvakarma Mahavidyalaya**

- Developed a PHP-based cinema management system for ticket booking, scheduling, and customer management.

## EDUCATION

---

### Birla Vishvakarma Mahavidyalaya

**Vallabh Vidyanagar**

*Bachelor of Technology, Information Technology*

2022-Present

CPI: 7.49

### HSC, GUJARAT BOARD

**Vallabh Vidyanagar**

*81 Percentile*

2021-2022

## EXPERIENCE

---

### Hacker4Help – VAPT and Cyber Security Researcher Intern.

- Performed Vulnerability Assessment and Penetration Testing and reported findings to over 20+ websites.
- Researched security threats and performed hands-on experience on automated tools.
- Assisting with content delivery, training, and support.
- Conducted thorough security audits using penetration testing tools like Nessus, SQLMap, Burp Suite, Nmap, and OWASP ZAP.

### DATANITIV SERVICES - Web Developer Intern

**VADODARA**

- Coordinated with design and backend teams to optimize front-end performance, impacting overall project timelines and client satisfaction.
- Mastered HTML, PHP, and explored Flutter fundamentals, accelerating development efficiency and ensuring responsive, user-friendly web solutions.

## **SKILLS**

---

Frontend Development: HTML, CSS, Bootstrap, Tailwind, ReactJS

Backend Languages: ExpressJS, NodeJS, PHP, C++

Database: MongoDB, MySQL

## **CERTIFICATIONS**

---

- Google Cybersecurity by Google.
